

# Where Coverage Meets Care

Health services are connected to your benefits plan for a seamless experience.

The GreenShield+ mobile experience gives you 24/7 access to all of the same features you enjoy with the desktop experience, but on the go!

To get started, download the new GreenShield+ app from the App Store or Google Play Store and sign in with your email. If you haven't registered for GreenShield+ on desktop yet, no problem – just follow the instructions on the app homepage to sign up for secure access to the new experience.

## Easily get reimbursed from your benefits plan

Focus on your health and well-being knowing GreenShield+ services are fully integrated with your benefits plan. (access and availability of services may vary depending on your specific plan details)

### No paperwork

With our integrated mental health, pharmacy, and telemedicine services connected to your GreenShield+ account, you'll never have to worry about filing claims again.

### No hassle

Managing your health shouldn't feel like a part time job. Search for providers by business type or name on the interactive map and seamlessly and easily submit claims with recommended providers from previous services.

### No frustration

See what benefits you have available and how much of your balances are left, check your drug coverage by name or drug identification number, and check your eligibility and coverage for most health services or items.

**Visit the GreenShield Support Centre:**  
a super-convenient online hub where you'll find the answers to just about any question you have.

**Get in touch with the GreenShield Customer Service Centre:** a super-awesome team of customer service folks who you can reach at 1-888-525-7587.
